# BioBag Toilet System

- Low weight, easy to carry and store
- Sturdy, supports up to 125 kg (275 lbs)
- Practical and hygienic, the environmental choice

The BioBag Portable Toilet kit is a toilet system especially developed to meet the strict requirements of the military forces. The product is also very suitable for aid organizations and private use, e.g. for camping, boating, and other outdoor activities. It was developed in cooperation with the Norwegian military forces and has been successfully used during NATO exercises. BioBag Portable Toilets meet very high standards in terms of quality, convenience, functionality, hygiene, and environmental considerations.

The toilet kit comes with a roll of fully compostable and biodegradable toilet bags. The bag covers the entire seat making it very hygienic and user friendly. The BioBag Toilet bags are fully compostable after 10 - 45 days, depending on method of composting.
